Request for Proposals

Block Crew Services

for

Communities of the Uptown TIF District

February 28, 2024

Submission Deadline: 11:59 p.m. March 10th, 2024

Summary of Request

The City of Memphis and Shelby County Community Redevelopment Agency (CRA), is seeking qualified contractors to mow, trim, and remediate organic and non-organic debris from select public right-of-ways (ROWs) **Exhibit B (Definition & Examples of Public ROW)** in the Uptown TIF District as needed, including emergency clean-ups where necessary. All bidders for Block Crew services are encouraged to respond to this RFP. The CRA intends to select an unspecified number of contractors and enter into one-year contractual agreements with the selected contractors who will provide block crew services for the Uptown TIF District in the City of Memphis. This pool of contractors will be assigned work at the CRA's discretion and based on CRA need. The CRA may extend the contract for additional years based upon need and funding availability.

The CRA will set the compensation rate for the Block Crew services based upon a predetermined rate and the selected contractors will be paid according to the set rate. The rates will be paid by linear footage (length) of each designated street segment to be a multiplier with the 2024 compensation rate. Each selected contractor will work on a rotational system as established and implemented by the CRA. The CRA will determine which group of selected contractors will be best suited for the different block crew demands. The selected contractors will each be responsible for providing said services to the specified ROWs within the pre-defined area ("Zone(s)") within the TIF of which they will be assigned at the beginning of the contract. The CRA does not expect or intend for a change from this initial assignment and/or the linear footage during the term of the contract; however, the CRA will not guarantee a minimum, maximum, continuous number of ROWs or linear footage during the term of the contract and at its discretion will pull from the pool of contractors if the need arises.

Only contractors who meet the program qualifications will be able to submit applications. Contractors must comply with all state, county and city policies related to public sanitation/debris disposal and must have met all necessary License Requirements to conduct business in Memphis/Shelby County, Tennessee.

Completed applications must be received by the CRA no later than 11:59 p.m. on Sunday, March 10, 2024. Late Applications will not be accepted. Incomplete Applications will be deemed ineligible and will not be considered for review. The CRA reserves the right to reject all submissions, and to accept any submittals which it deems most favorable to the CRA. Submittals of qualifications will be evaluated based on qualifications, experience, references, a proven track record of delivering successful maintenance for CRA needs, access to block crew equipment and other factors deemed important to the CRA.

Equal Business Opportunity

In the selection of Contractors to perform the services specified herein, the CRA will use its best efforts to select vendors certified with the City of Memphis and/or Shelby County as M/WBE certified to meet its EBO Participation Goal. M/WBE certification does not guarantee vendor selection, nor will businesses be disqualified for not having an M/WBE certification. If you are a certified M/WBE vendor, please submit your company's certification documents with your submittal packet. The CRA will use its best efforts to provide opportunities to those organizations located within and employing personnel living within the Uptown TIF district.
